

PROFESSIONAL 21

SERIES

JUST WHEN THE SNOW THOUGHT IT WAS DONE TRAVELING FOR THE DAY.

It's a rugged workhorse that is the perfect addition to any commercial snow-clearing fleet. This little beast has ingenious design elements. Like the Smart Lift handlebar system so you can slide it into your vehicle. Or its open engine for easy access to the oil fill, oil drain, and spark plug. A perfect marriage of form and function, blowing away your expectations along with tons and tons of snow.

When it snows, I'm driving to over 20 properties so my Ariens Professional's handlebar makes loading and unloading easy on my back.

NO SWEAT START

Effortless, keyless start sequence featuring an on/off switch helps ensure a successful start in any weather condition.

EASY OPERATION

Handlebar positions optimize system performance and user comfort.

STRAIGHTFORWARD CLEARING

Spring-loaded, self-adjusting scraper bar follows the contours of the ground, while a high-wear paddle cleans to the surface.

SIMPLE MAINTENANCE

Open engine design allows easy access to the oil fill, oil drain, recoil, and spark plug.

SMART LIFT SYSTEM

Our exclusive handlebar system allows the machine to easily slide into your vehicle with minimal effort.
